Education

Bharati Vidyapeeth (Deemed to be University)   **Jul 2025 – Present**
Master of Computer Applications (MCA) (Pursuing)   *Belapur / Remote*

University of Mumbai   **Jul 2023 – Apr 2025**
Bachelor of Science in Information Technology   *Mumbai, India*

Experience

Full Stack Web Developer — Academic & Personal Projects
- Built and maintained multiple full-stack web applications using React.js, Node.js, Express.js, and MongoDB/MySQL.
- Developed responsive, user-centric interfaces using React and Tailwind CSS.
- Integrated REST APIs for authentication, data handling, and dashboard features.
- Implemented CRUD operations and optimized database queries for performance.
- Followed clean code practices and used Git & GitHub for version control.

Projects

Ritual Cakes – E-Commerce Web Application — React.js, Node.js, Express.js, MongoDB, Tailwind CSS
- Built a responsive cake shop web application with product catalogue, order management, and admin dashboard using React.
- Integrated REST APIs for products, orders, and users.
- Worked with MongoDB/MySQL concepts for data storage and retrieval.
- Improved UI responsiveness and layout using Tailwind CSS.

Food Fly – Food Delivery Platform — React.js, Node.js, Express.js, MongoDB, Tailwind CSS
- Developed a full-stack food delivery system with separate user and manager dashboards.
- Implemented API integration for menu, orders, and authentication.
- Ensured a mobile-friendly UI and smooth navigation across devices.
- Handled backend logic and database operations for core modules.

Visual Classroom – Online Learning Platform — React.js, Node.js, Express.js, MongoDB, Tailwind CSS
- Created an interactive learning portal with course modules and dashboards for students.
- Integrated frontend with backend APIs for dynamic data rendering.
- Focused on clean UI and reusable React components.

Hiring Hub – Job Portal Application — React.js, Node.js, Express.js, MongoDB, Tailwind CSS
- Designed a job portal with separate recruiter and applicant dashboards.
- Implemented job posting, application tracking, and profile management features.
- Used REST APIs and database queries to manage job and user data.

Technical Skills

Languages: JavaScript, Python, Java
Frameworks & Libraries: React.js, Node.js, Express.js, HTML, CSS, Tailwind CSS
Databases: MongoDB, MySQL
APIs & Tools: REST APIs, Git, GitHub, Postman, JSON
Development Practices: Responsive Design, CRUD Operations, API Integration

Certifications & Additional Information

Certificates
- Certificate of Completion – JavaScript & CSS Bootcamp – CodeKaro
- Certificate of Completion – Web Technologies (HTML, CSS, JavaScript, React) – QSpiders, Vashi.

Languages
- English, Hindi, Marathi.
